

Preschool Outcomes by District 2016-2017

Indicator 7 - Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved:

A. Positive social-emotional skills (including social relationships);

Target 1: Of those preschool children who entered or exited the preschool program below age expectations, the percent who substantially increased their rate of growth by the time they exited the program.

Target 2: The percent of children who were functioning within age expectations by the time they exited the program.

B. Acquisition and use of knowledge and skills (including early language/communication and early literacy);

Target 1: Of those preschool children who entered or exited the preschool program below age expectations, the percent who substantially increased their rate of growth by the time they exited the program.

Target 2: The percent of children who were functioning within age expectations by the time they exited the program.

C. Use of appropriate behaviors to meet their needs.

Target 1: Of those preschool children who entered or exited the preschool program below age expectations, the percent who substantially increased their rate of growth by the time they exited the program.

Target 2: The percent of children who were functioning within age expectations by the time they exited the program.

** Data received, but no students eligible for inclusion in analysis (No exiting students with valid matching SSIDs, >=75% complete data, 6 months apart, with IEPs)*

*** No student data available*
